

**Remarks**

Claims 6, 11 and 27-33 were pending. Claim 6 has been amended to include the limitation of claim 11, specifying that the method is used against certain insects. Accordingly, claim 11 has been cancelled. Claim 6 has also been amended to limit the invention to use of the indicated mixture as the only insecticidally active ingredients in the composition. Claims 29, 31 and 33 have also been amended to clarify that the indicated amount is the amount of the second insecticide.

It is believed that these amendments clearly define the invention; distinguish it from the prior art and should place the claims in condition for allowance. If the Examiner feels that a phone call to discuss these amendments would be useful, he is requested to contact Applicant's attorney at the number below.

Respectfully submitted,

November 8, 2011
